ABSENTEE BALLOT TODAY!

***An important message from
the Inland Empire Taxpayers
Association:***

**“Measure G protects taxpayers
and prevents a probable costly
and irresponsible bankruptcy of
our local public hospital system.”**

Dear Taxpayer,

The Inland Empire Taxpayers Association was founded for one reason alone—to fight against higher taxes on local residents. **That is the reason why our organization is strongly supporting Measure G.**

As taxpayers, we are at risk.

The hospital district is losing about \$2 million a month, after ending the last fiscal year with a staggering \$13 million in debt.

As if this stream of red ink wasn't alarming enough, because of legislation passed in Sacramento in the aftermath of the Northridge Earthquake, the hospital district is required to perform a seismic retrofit that has an estimated cost of close to \$200 million!

This is a public district, which means that, in the end, it is the taxpayers that are on the hook as this financial cloud darkens over our local hospital district.

Which is why the Inland Empire Taxpayers Association urges you to vote YES on Measure G.

If Measure G passes, the management of the hospital will be turned over Select Healthcare Systems, which will bring world-class expertise and an infusion of resources to renovate and upgrade the entire hospital system—at no cost to taxpayers.

Opponents to Measure G have said publicly that they would like for the measure to fail, and for the Hospital District to file for bankruptcy. I am sure you will agree that this is totally unacceptable.

In conclusion, the Inland Empire Taxpayers Association feels that passing Measure G is not only fiscally prudent, but it protects taxpayers. If Measure G fails to pass, local taxpayers will be forced to pony up to pay the bills.

Please join us in voting YES on Measure G today, by casting your vote and returning your absentee ballot right away.

Sincerely,

Chris Mann
President,
Inland Empire Taxpayers Association
